CALHOUN TO GO ON TRIAL AGAIN

(Continued from First Page.)
at the former trial, asked that the case be postponed until after the coming municipal election when Henev, the assistant district attorney, directing the prosecution of graft cases has announced his intention of seeking the office of district attorney. Turning toward O'Gara, Barrett denounced the desire of the prosecution to press the Calhoun case at this time as a "corrupt" political move, the only design of which was to all the candidacy of Henev. He said that the same matters of evidence were presented in the Calhoun case as had been brought forward in the three trials of Alirey L. Ford, general counsel of the company, and charac-

terized the pressing of this matter to its "fifth trial" as unheard of in this state, if not in the country. O'Gara hotly resented the statement that the cases were similar. After an exchange of angry words with Moore, O'Gara said the defense was naturally anxious to postpone the case until after the election as Calhoun "with his great fortune" hoped to place in office a district attorney who would let the graft cases drop.

The argument wrought the attorneys to a high pitch of excitement and their voices rang through the almost deserted room with all the fervor of an address to the jury. At one stage, Moore interrupted Judge Lawlor to designate a statement by the court that he believed, "these cases should be pressed to a verdict" as an example of the bias alleged by the defense. Lawlor grew red and moved about in his chair, but did not raise his voice as he warned the attorney his remarks bordered on contempt of court, as the court had ruled

on the question of bias. He said, "and for the purposes of this court it is to be considered without bias."
Lawlor then announced the case would go to trial Monday, July 12. After a short conference Barrett asked that the date be made July 19, as Stanley Moore and Earl Rogers of counsel for defense were out of the state. This was done with the agreement of O'Gara.

HENEV MAY STILL MAKE HIS TRIP TO ALASKA

SEATTLE, July 8.—When Henev was shown the dispatch relative to the Calhoun trial he said: "I shall go back to San Francisco and participate in the trial. I do not know when I shall go, and shall not decide until tomorrow, after I hear from my associates in the case. I may still go to Alaska. The trip I contemplate will require only two weeks which will give me ample time to be on hand before the preliminaries of the trial are concluded."

HOSE TEAMS MAY RUN AGAIN

Winners From Lowell Will Receive Challenge From Local Team Today

BISBEE COMPANY WILL ENTER PHOENIX RACES

When the news was given the Review Wednesday evening of the intention of the Lowell hose team to challenge the Bisbee team for a trial run to be held next Sunday if possible, the story emanated from a member of the Bisbee team who further stated that the Bisbee team would willingly accept the challenge.

Since that time, Jack Benson, captain of the Upper Lowell team, has entered a denial that his team had any intention of issuing such a challenge and that, being in the position of winners, it was not their duty to challenge any of the defeated teams.

Following Benson's statement, a conference was held last evening by members of the Bisbee team with the result that they now intend issuing the challenge to the Lowell team. So that in either case it would appear as though the match would yet materialize. In the same connection comes announced determination of the Bisbee team to continue practice steadily in order that they might be in condition for the big hose race at Phoenix during the territorial fair.

A purse with first money announced at \$1,000 has been advertised for the attraction which will be competed for by teams from all over the territory. It is realized that the Bisbee team is the fastest team ever organized in the city and that should practice be continued, there remains but little doubt but what the Bisbee team will share in the prizes at the big fair.

KETCHEL SIGNS FOR GO WITH ETHIOPIAN

SAN FRANCISCO, July 8.—At a meeting held tonight at the St. Francis hotel between Texhall of Ely, Nev., Stanley Ketchel and Willis Britt, Ketchel's manager, articles were signed for a finish fight at Ely, Nev., on Labor day between Ketchel and Sam Langford.

The articles of agreement will be forwarded to Langford for his signature. According to a statement made by Willis Britt, \$20,000 is now on deposit in an Ely bank at Ketchel's share of the purse, win, lose or draw. Langford is to get \$5,000.

Upon the showing made Monday, Ketchel would not have the chance of the proverbial snowball against the Galveston black, and it is extremely doubtful if either he or Papke could stall off Sam Langford for more than a limited number of rounds.

A telegram from Langford, challenging the winner of Monday's battle, was read by Billy Jordan, and Ketchel could do much worse than take on the Boston black for twenty rounds prior to the Johnson fight. It would draw the biggest kind of a crowd here.

Ketchel's inability to knock out Papke Monday inside of ten rounds, as he had bragged he would do, has hurt his prestige here, and local sports believe Coffroth will have to substitute Al Kaufman for Ketchel in the proposed fight with Jack Johnson for Portia Celebration week in October.

Coffroth knows he couldn't draw a big crowd with Ketchel, after the sorry showing Ketchel made with Papke, but Kaufman has greatly improved as a boxer, he is as large as the big negro, and he has a knockout punch in either hand. The problem would be whether Johnson's cleverness would win over Kaufman's strength and youth.

Falling in his desire to get a definite answer from Willis Britt as to a return match with Stanley Ketchel, Billy Papke signed articles for a ten-round fight with Jim Flynn before Tom McCarey's club in Los Angeles, July 17.

McCarey, after the match was signed up, in which he agreed to give Papke 40 per cent. of the gross, left for Los Angeles. This was the match Ketchel had agreed to accept, but on account of the so-called injuries to his hands was obliged to call off.

"I had a long talk with Willis Britt and Ketchel this morning," said Ed Papke. "We wanted a return match for forty-five rounds the worst way, but Britt kept stalling, and saying he could not tell me just when we could have the match. McCarey insisted upon an immediate answer, and we accepted his terms."

"Because of the Flynn fight we will not be able to accept any match with Ketchel until August or September. We would prefer the September date. Britt talks like having Ketchel fight Johnson first, but after Ketchel's showing, I don't see how he can ask a fight with a heavyweight before he meets Papke again. There is no use complaining over the decision any more. Of course, we think that it should have been a draw."

Big Bill Burns

CHICAGO, Ill., July 8.—Bill Burns, who figured in one of the biggest trades of the season in the baseball world, is showing up in good shape with the Chicago team. President Comiskey traded "Jiggs" Donohue, Nic Altrock and Charles Cravath to the Senators in exchange for this one left handed artist. Burns has been the mainstay of the senatorial box staff and was the one man that Comiskey wanted to strengthen this department of his team.

POOR SHOW MADE BY KETCHEL

Fight Fans Disgusted and Want Kaufman Substituted With Johnson

FIGHTER LOSES MUCH OF FORMER PRESTIGE

SAN FRANCISCO, July 8.—Sports here have come to the conclusion that another encounter between Ketchel and Papke is necessary before the middleweight championship is decided, and before Ketchel tackles Jack Johnson in a heavyweight engagement.

Upon the showing made Monday, Ketchel would not have the chance of the proverbial snowball against the Galveston black, and it is extremely doubtful if either he or Papke could stall off Sam Langford for more than a limited number of rounds.

A telegram from Langford, challenging the winner of Monday's battle, was read by Billy Jordan, and Ketchel could do much worse than take on the Boston black for twenty rounds prior to the Johnson fight. It would draw the biggest kind of a crowd here.

NEW OUTFIELDER FOR BISBEE

Manager Wolf Lands His Optics On One Alleged Star Player

FANDOM IS INTERESTED IN NEXT DOUGLAS CLASH

That Manager Wolf is continuing the still hunt for extra good timber to be employed in the Bisbee baseball aggregation was demonstrated last evening when it became known that he had annexed another stellar attraction in the way of an outfielder who can also do credible service on the diamond.

Rumor has it that it is "Dean" Woods but Manager Wolf won't have it either way. He smiles when questioned as to whether he will use the same line-up as at present in his next games but frowns when asked the identity of the new man or men. To be explicit, he just wishes to wait until he sees that he is certain of making the new additions and when they are anchored, it will be his pleasure to inform the public within plenty of time to get a line on the new-comers and create the interest that will naturally be forthcoming.

While fandom is interested in the next games to be played at El Paso, they are decidedly more interested in the game next Wednesday afternoon to be played at Warren with the O'Donovan Demon aggregation from Douglas. Regardless of the fact that Douglas took the two games here on the Fourth, the fans are now more eager than ever to witness the third game of the struggle.

It is no secret that the visitors had the stronger aggregation when last here but it doesn't necessarily follow that such will be the case when next they meet. Not if Manager Wolf and Captain Dorsch can prevent it and the fans believe they can.
